

Multi Floor Zone Heating & Controlling for Underfloor Heating Installation Responsibilities Guide

GS UNDERFLOOR HEATING

t: 01923 249026 m: 07941 169635 w: www.gs-ufh.co.uk e: gs@warmfloors.co.uk

What we do not install

1. 1st fix wiring
2. 1st & 2nd fix plumbing
3. 35mm back boxes for thermostats
4. Spur switch for wiring centre
5. Electrical connections to boiler
6. Supply or install of zone valves
7. Timer for other heating zones

*Magnetic Heating Filter

We always recommend having a Magnetic Heating Filter (22/28mm) installed to help clean and filter your system.
